

Sydler Remedies Pvt. Ltd. 

 Sydler blends the nature
to nurture health

SYDLER IS A TEAM OF CREAM PROFESSIONALS AND EXPERTS

Sydler is a corporate house of herbal and nutraceutical products having huge team of brains, hearts, working force and well equipped infrastructure. Sydler brings an exclusive blend of traditional knowledge and ultramodern scientific approach with constant technical up-gradation. It possesses a spacious manufacturing area for capsules, tablets, syrups, ointments, granules etc. with over 300 dedicated team of skilled and experienced work force. Sydler has pioneered in the area of Organic cultivation of medicinal plants, developing herbal extracts, identification, standardization, quality testing and most sophisticated packaging, all under single control.

Research & Development is our strong back-bone and the formulations are supported with extensive scientific data. The plant is equipped with an in-house Quality Control Lab, latest computerized testing equipments, under the charge of qualified and highly experienced Quality Control head, having over 20 years of overall experience. The outcome of this endeavor has rewarded us a red carpet in over 20 countries and achieved the trust for availing the manufacturing facility by valuable clients like **Cipla, Cadila, Elder, Meyer Organics, Svizera, Alkem, J. B. Chemicals, Wockhardt, Emami**, and many more.

Quality is never an accident, it is always the result of high intention,
sincere effort, intelligent direction and skillful execution

(William A. Foster)

Sydler has sincerely adopted this verdict from day one and the outcome is our
Global recognition.

It is a routine business expansion plan that a company starts marketing in nearby
localities and gradually expands to the district, then the state, then more states, whole
country and finally captures overseas market. Sydler is the only company which has
changed the scenario. This could happen only with exclusiveness of quality standards
and committed team of extraordinary brains and hearts. We are proud to be a part of
Global pillars in the area of herbal products and it puts a feather in our crown to have
widespread recognition in following countries.

Costa Rica, United Kingdom, West - Indies, Australia, Ukraine, Russia, USA, Brazil,
Latin America, Latvia, Kazakhstan, Tajikistan, Turkey, Nigeria, Kenya, Ghana, Uganda,
Sri Lanka, West Indies, Saudi Arabia, UAE etc.

There is gradual increase in these countries day by day. We look forward for more and
more business in the countries where quality is counted at first place.

Our rapid milestones of phenomenal achievements

- 2000** Foundation stone was positioned and company incorporation was done
- 2001** Research and Development activities started commencing
